**AFFIDAVIT IN SUPPORT OF SEARCH WARRANT**

I, William J. Farley, a Special Agent (SA) with the Homeland Security Investigations (HSI), being duly sworn, do state the following:

**INTRODUCTION**

1. I am a Special Agent with Homeland Security Investigations (HSI) and an investigative or law enforcement officer of the United States within the meaning of Section 2510(7) of Title 18, United States Code. I am empowered by law to conduct investigations of and to make arrests for offenses enumerated in Section 2510(7) of Title 18 of the United States Code. I have been employed by HSI for approximately 10 years and I am currently stationed in the Philadelphia Field Office. I was previously employed as a Police Sergeant with the University of Pennsylvania Police Department where I served for 7 years.

2. I have personally participated in the investigation set forth below. I am familiar with the facts and circumstances of the investigation through my personal participation; from discussions with other HSI agents, task force officers and other law enforcement personnel; from my discussions with witnesses to the events being investigated; and from my review of records and reports relating to the investigation. Unless otherwise noted, wherever in this affidavit I assert that a statement was made, the information was provided by another HSI agent, law enforcement officer or witness who may have had either direct or hearsay knowledge of that statement and to whom I or others have spoken or whose reports I have read and reviewed. Such statements are among many statements made by others and are stated in substance and in part unless otherwise indicated.

3. As a federal agent, I am authorized to investigate violations of laws of the United States and to execute warrants issued under the authority of the United States. I make this

affidavit in support of a Search and Seizure Warrant for the person of:

**Frankie Odell REX**  
**Race: Black Sex: Male**  
**Date of Birth: May 7, 1986**

to obtain the following evidence: ORAL SECRETION (EPITHELIAL CELLS) obtained by rubbing four cotton swabs against the inner cheek lining of REX's mouth cavity, in sufficient quantity for scientific examination and comparison for DNA typing and DNA comparison. I base the facts set forth in this affidavit upon my personal knowledge, information obtained during my participation in this investigation, review of documents, knowledge obtained from other individuals including law enforcement personnel, and communications with others who have personal knowledge of the events and circumstances described herein. This affidavit does not set forth each and every fact learned by me or other agents during the course of this investigation. I have set forth only the facts that I believe are necessary to establish probable cause to obtain buccal samples from REX for the purpose of submitting them for a comparative DNA analysis. I have learned the following facts which are true and correct to the best of my knowledge, information and belief:

**PROBABLE CAUSE**

4. On February 15, 2019, Special Agents from Homeland Security Investigations and the Drug Enforcement Administration executed a search warrant on Frankie Odell REX's residence located at 1837 Pratt Street, Philadelphia, Pennsylvania, in search of narcotics and other items. REX, along with three other males, were found in and outside of the Pratt Street residence. According to the Pennsylvania Department of Motor Vehicles, Frankie Odell REX has a PA DL # 32737186 with the address of 1837 Pratt Street, Philadelphia, PA. REX also confirmed to law enforcement on February 15, 2019 that he lived in the residence. Prior

surveillance by federal agents showed that REX lived in the home alone.

5. Homeland Security Investigations seized two firearms from the Pratt Street residence during the execution of the search warrant. The firearms are described below:

- a. one Taurus, 9 mm handgun, bearing serial number TJZ 83368 and loaded with (21) rounds of ammunition;
- b. one Cal .380 handgun, bearing serial number G01314 and loaded with (10) rounds of ammunition.

6. The 9mm Taurus handgun was recovered under the bed in the master bedroom, which was also the only room furnished with a bed. Agents observed male clothing in the master bedroom, as well as, multiple pieces of mail and personal documents with the name Frankie REX on them. The Cal .380 was recovered on the kitchen counter. Homeland Security Investigations also recovered bulk quantities of narcotics, cash, digital scales and packaging materials in the house.

7. A review of REX's criminal record confirms that he was convicted in 2005 of Possession with Intent to Distribute a controlled substance on school property in Camden, NJ. In 2006, REX was convicted of Simple Assault, Terroristic Threats and Unlawful Possession of a Weapon in Camden, NJ. In 2012, REX was convicted of Criminal Attempt Forgery in Atlantic County, NJ. In 2014, REX was convicted of Possession with Intent to Distribute Heroin in Camden, NJ.

8. The recovered firearms were submitted to the Philadelphia Police Department Crime Laboratory located at 843 N. 8th Street, Philadelphia, Pennsylvania. The firearms and ammunition were swabbed for DNA comparison. I have been informed by the Crime Lab that there is a good probability that DNA suitable for comparison with a known sample can be

recovered from the seized firearms, magazines and/or ammunition.

9. In order to process the evidence, the laboratory is requesting a DNA sample, in the form of buccal cells, from REX and anyone else of interest. The laboratory has the capacity to subject any DNA recovered on the evidence seized in this investigation for comparative analysis to determine whether REX's DNA was found on any of the items. The laboratory has informed your affiant that a buccal swab from REX is required for this analysis, and that the process for acquiring a buccal sample from a defendant (i.e., swabbing the cheek area to obtain cheek cells) is much less physically intrusive than collecting a blood or hair sample for purposes of DNA analysis.

10. On March 13, 2019, REX was indicted on one count of felon in possession of a firearm, in violation of Title 18, United States Code, Section 922(g).

---

**CONCLUSION**

11. Based on the above facts and circumstances, there is probable cause to believe that a DNA swab from Frankie REX will more likely than not lead to information in furtherance of this investigation into a violation of Title 18, United States Code, Section 922(g) (felon in possession of a firearm). Therefore, your affiant respectfully request a search and seizure warrant for DNA sample in the form of a swab from the lining of the mouth of Frankie Odell REX. REX is currently being held at the Federal Detention Center (FDC) in Philadelphia. The DNA sample will be compared against any DNA samples extracted from the firearms, magazines, and ammunition that were recovered on February 15, 2019.
